

## IMPORTANT ANNOUNCEMENT FOR PARENTS!!!

**SolidSource, Inc.** will be presenting the curriculum *Relationships under Construction* to your child's seventh grade class on the following dates: \_\_\_\_\_.

**SolidSource, Inc.** is a local organization dedicated to the development of healthy relationships through the delivery of this unique curriculum for adolescents, which promotes abstinence from sexual activity until marriage as the best choice to achieve optimal health for the individual and society. *Relationships under Construction* provides medically accurate information that addresses the whole person including the intellectual, social, emotional, and physical dimensions and develops positive character and relationship skills. Seventh grade student objectives are to:

- Identify positive consequences of avoiding risky behaviors
- Define abstinence
- Explore Positive and Negative Peer Pressure
- Examine 7 STDS common to teens
- Probe the complex nature of bonding and relationships
- Learn to create boundaries
- Learn the elements of a healthy relationship
- Cultural responses to HIV/AIDS
- Pledge to abstain from risky behaviors

**SolidSource, Inc.** strives to reinforce the authority and responsibility of the parents as the primary educators of their children. Therefore, your child will bring home a handout each day outlining what was discussed in class and a discussion question for you and your child. You will need to sign at the bottom of the handout verifying that you discussed the question and send it back to school.

I would be happy to answer any questions or concerns you may have. This program coordinates with our seventh grade curriculum.

Sincerely,

-----  
If you desire to opt your child out of this program, please return this slip.
